

November

In the Classroom:

There so many things changing around us. Like the trees, air and weather. The Kids and I will be taking a closer look at why things are changing. We will be taking Nature walks around the campus; collecting object and taking notes on what we see.

As we draw closer to Thanksgiving, we will be taking about the First Thanksgiving and what it really means to us today.

Also, My Email is up and running. 😊 So if you need to get ahold of me, there it is: mdaugherty@foundationcampus.org

Bible Verse:

Be Thankful to Him and blees His name.
For the Lord is good. Psalms 100:4

Next Month:

IT's Christmas Time😊. My favorite time of the year, with all cold and snowy weather (fingers crossed). We will learn about the animals the sleep and the ones that come out to play. And most importantly we will be diving in to The Story of Jesus.

Up Coming Dates:
