

# April, 2017 A.M. Ladybug Class

## In the Classroom:

This month our main focus will be Easter, springtime, and new life. We will learn that Jesus died to take the punishment we rightly deserved, and when we place our faith in Him we receive a new life here on Earth, and eternal life in Heaven.

We will learn that all the things we see around Easter time, baby bunnies and chicks, eggs, butterflies, etc. are symbols of this new life.

We will also be hatching butterflies this month as we learn about their life cycle, and celebrating Earth Day.
